

BANGLADESH DENIM E X P O

14th Edition

16th & 17th May 2023

Hall-4, Noboratri,
ICCB, Dhaka, Bangladesh.

POST EVENT REPORT

BANGLADESH DENIM EXPO

The Bangladesh Denim Expo has become a highly sought-after event today, accelerating growth, innovation, and sustainability in the denim industry. Since its inception, the event has inspired positivity within the core of the global denim community, bringing together the most sustainable brands in the value chain as well as the key players in the industry and providing a space for industry leaders to share their expertise to shape a sustainable future.

With a focus on uniting the voices of the denim community, we have been at the forefront of shaping the future of the denim industry for the past nine years, continuously growing and

making an impact throughout the world. With over 350+ exhibitors from 20+ countries, 70,000+ attendees from 60+ countries, and 2,200+ companies, the Expo has become a global hub for the denim industry. The Expo has hosted 50+ talks and speeches and 85+ seminar sessions and has attracted a diverse audience, including 60% C-suite executives and 20% Gen-Z attendees.

With more coming up in future editions, we aim to provide an opportunity to explore the limitless potential of denim and be a part of shaping the future of this dynamic industry.

MY DEAR DENIM FAMILY/FRIENDS

I want to express my heartfelt gratitude for all the exhibitors, visitors, speakers and collaborators who joined the 14th Bangladesh Denim Expo to celebrate the innovations and progress of the denim value chain alongside us. It goes without saying that your positive and enthusiastic response has been the prime influence and motivation behind the flourishing of this event.

Today, I can proudly say that the Bangladesh Denim Expo is one of the biggest and most coveted denim-focused events in the world, driving innovation, sustainability, and insightful knowledge within the industry. The remarkable growth and laudable journey of this event would not have been possible without your invaluable commitment, support, and dedication.

As we prepare for the next edition of the event, I once again look forward to inviting you all to another incredible event with astonishing exhibitions, exciting conversations, and fantastic collaborations.

Mostafiz Uddin
Founder, Bangladesh Denim Expo

SHAPING THE FUTURE OF DENIM: THE 14TH EDITION OF BANGLADESH DENIM EXPO

The Bangladesh Denim Expo has become a beacon of inspiration and innovation, emerging as a driving force in the global denim industry. Since its inception, the Expo has been a catalyst for change, propelling the industry forward and championing sustainable solutions that reshape the way we think about denim.

The 14th edition of the Bangladesh Denim Expo has served as a melting pot of ideas where the latest trends, technologies, and best practices converge to shape the future of denim. This edition of the Expo has surpassed all expectations, welcoming a massive number of exhibitors, attendees, and industry professionals who share a common

goal: to unlock the true potential of denim. From renowned denim brands to emerging talents, the Expo showcases an impressive array of products, designs, and manufacturing techniques that push the boundaries of creativity and craftsmanship.

The numbers truly speak for themselves, as astonishing 100+ exhibitors, 7730+ visitors from 55+ countries showcased their exquisite products and 4 seminar sessions took place at the expo. As we look ahead to future editions of the Bangladesh Denim Expo, we are filled with excitement and anticipation to see the Expo's influence extending far beyond the event itself, leaving a lasting imprint on the industry as a whole.

BANGLADESH DENIM EXPO PRODUCT HIGHLIGHTS

PROSPERITY

Presented a lovely new transfer printing process. The novelty technique allows denim type transfer prints on the inside and outside of the fabric. It's especially made for Twill-fabrications and provides cool denim looks. It can be washed and treated after print and Transfer foil can be delivered extremely fast!

SOKO

If you experience yellow finishes when wet-processing jeans, Then SOKO's SUPERCASST is the ideal troubleshooter for you. Yellowing and grey cast are common issues after oxidation process such as Ozone, Hypochlorite and Permanganate. SUPERCASST completes the neutralization of the oxidizing agents, removes the residues, eliminates the yellow and finalizes the washing process. Another great novelty seen and Bangladesh Denim Expo!

TONELLO

Alice Tonello presented us the brand new DYE MATE dyeing system. DYE MATE is a new "indigo garment dyeing system" which works on all TONELLO dyeing machines. It allows to garment dye products with Indigo under nitrogen atmosphere in a fully automated process. The system works even with small quantities of products and provides beautiful indigo dyes. A modern and eco-friendly way to provide authentic looks in line with ancient dyeing flavors.

HIGHLIGHT TEXTILE

Vincent from HIGHLIGHT TEXTILE presented a special Eco-color dyeing. A nature friendly dyeing process which enables great “high-lows” through this new pigment dye type process. The process helps saving 80 % of water, 80% of steam and 80% of electricity. Give it a try!

BEXIMCO

As you might know, in order to be on the forefront of Transparency, it has become crucial to be able to trace the origins of the fabric components. BEXIMCO introduced during BANGLADESH DENIM EXPO, it's very own version of the FIBRETRACE devices. Fibretrace allows to control and trace the exact contents of the fabric fibers. BEXIMCO clients can now easily compare, if the content of the ordered fabric is identical to the merchandise received in production. We like that!

INITIAL CHARM

This “first time exhibitor” from china presented us a very subtle and trend-driven denim fabric with a sparkling metallic effect. These effects are usually seen in extremely premium fabrications. A cotton poly combination makes the effect possible. Check out INITIAL CHARM for more details!

ZAITEX

The ingredient supplier ZAITEX presented ZETALASE DRY-P at the fair. Zetalase dry-P is basically a combination of several ZAITEX powders which not only help you to enhance Ozone effects, but which also allow laser effects which are darker than the actual fabric (as you might know, a Laser usually a laser lightens the fabric). This broadens the possibilities of laser prints on denim impressively!

OFFICINA 39

Matching with the BDE TREND-THEME “Less is more”, OFFICINA 39 presented the AQUA / LESS Mission. The Italian ingredient maker, has us fully amazed here. When reaching out for a “stone-wash”, and when using the AQUALESS AGED & the AQUALESS ACTIVATOR at cold temperature, one can replace 100% of Pumice stones. No more Pumice stones required for stone-washes, how cool is that! And water is only needed for rinsing. Another mind-blowing innovation from Andrea and his team.

MARMARA

When it comes to the world's most certified and most sustainable COTTONIZED HEMP, then MARMARA is the company you need. Amongst many certifications we'd like to highlight here the “Cradle to cradle Platinum +” level of the French company. Today MARMARA provides cottonized hemp for many famous mills, such as: Beximco, Artistic Milliners, Artistic Fabric Mills, Soorty, Rajby and many more.

ARTISTIC MILLINERS

The one important novelty which ARTISTIC MILLINERS presented at the BDE, is the EARTH CORE. Earth Core is a range of fabrics which are 100% degradable. These fabrics include 1% of Lycra L166. What a great step forward to even more sustainability. Some of the EARTH CORE fabrics featured a new light Aquamarine pure indigo.

NAVEENA

The Naveena team presented us their SWIFT & SWAY concept. While doing tremendous research about various TENCEL & COTTON blends, the NAVEENA R&D team found out, that a specific mix of of cotton with Tencel actually provides similar wicking properties to a Coolmax fabric. But in a much more sustainable way ! Check out the SWIFT & SWAY products from Naveena!

RAYMOND UCO

Raymond Uco has always a great innovation to share ! This time, the Raymond team surprised us with a NOVELTY JACQUARD. The Jacquard machine actually allows an incredible large repeat. The kind of repeat, you wont even notice on a garment. The jacquard therefore opens various creative ideas on denim. Large patchwork looks, distress effects, camo's... You name it ! And we love denim fabrics which leave space to creativity!

IGNITE INNOVATION IN THE WORLD OF BLUE

PLENARY SESSION 01

UNLEASHING THE APPAREL INDUSTRY'S GROWTH POTENTIAL

Dishan Karunaratne

Chief Representative,
Bangladesh and Pakistan,
Bestseller

Shafiur Rahman

South Asian Operations Head,
G-star Raw

Azizur Rahim Chowdhury

Managing Director,
J.M. Fabrics Ltd.

Michael Klode

Project Manager,
GIZ Bangladesh

Tanzila Tajreen

Senior Policy Advisor, Private Sector Development &
Economic Affairs of the Embassy of Kingdom of
Netherlands to Bangladesh

Venier Andrea

Managing Director,
Officina+39

Manuj Kanchan

Division Director,
Central Asia, Jeanologia

Syed Mohammed Tahmir

Director,
Pacific Jeans Ltd.

KEY TAKEAWAYS FROM THE SESSION

To future-proof businesses, it is crucial to continue investing in compliance and prioritize the well-being and safety of workers. This not only ensures a decent working environment but also leads to compliance and increased earnings. Social compliance investment is essential for engaging workers and fostering dialogue. As the second-largest exporter of ready-made garments, Bangladesh has earned its title through strong entrepreneurship and a commitment to quality. Collaboration within the ecosystem will drive future industry growth.

PROFITABILITY, ALONG WITH PEOPLE & THE PLANET, IS A VITAL PILLAR OF SUSTAINABILITY

Balancing sustainability and profitability requires ethical decision-making, contributing to improvements in the economy, society, and environment.

Embracing new technologies to reduce industry impact encourages true innovation and aligns with ethical practices.

PLENARY SESSION 02

ACCELERATING INNOVATION IN THE APPAREL INDUSTRY

Faiyaz Murshid Kazi

Director General (West Europe & EU),
Ministry of Foreign Affairs

Anders B. Karlсен

Deputy Head of Mission,
Embassy of Denmark in Bangladesh

Moyeen Chowdhury

Country Manager,
Puma

Fazlee Shamim Ehsan

Vice President, BKMEA &
Managing Director, Fatullah Apparels

Alice Tonello

R&D Director,
Tonello

Tucker Asano

Senior Director,
YKK Bangladesh Pte. Ltd.

KEY TAKEAWAYS FROM THE SESSION

INNOVATION FUELS THE APPAREL INDUSTRY IN BANGLADESH,

driving sustainability and optimizing resources. It's not just about manufacturing; it permeates the entire supply chain.

Digitalization empowers factories to collaborate and shorten garment development cycles. Embracing the inherent properties of innovative solutions is crucial for manufacturers and consumers alike. Buyers must also step forward to help manufacturers champion innovative practices.

To create a greener future, the industry needs knowledge sharing and collective effort from players, the government, and consumers who embrace sustainable choices. Government support and industry-academia partnerships can create an innovation ecosystem and further develop the industry.

PLENARY SESSION 03

REDEFINING COLLABORATION FOR THE SUSTAINABLE APPAREL INDUSTRY

Abdullah Hil Rakib

Managing Director,
Team Group

Alamgir Kabir

Chief Executive Officer,
Kaiser Bekleidungs GmbH,
Bangladesh Office

Dr. Karthik N D

Regional Managing Director
South Asia, Eurofins

Denis Chiarello

Area Manager,
Tonello

Serdar Demircioglu

Sales and Marketing Director,
Kaiser Tekstil

KEY TAKEAWAYS FROM THE SESSION

With the industry's significant environmental impact, active collaboration among stakeholders is essential to increase awareness, share knowledge, and accelerate the implementation of sustainable practices. The COVID-19 pandemic highlighted the vulnerability of the industry due to its heavy reliance on global supply chains.

COLLABORATION IS THE KEY TO APPAREL SUSTAINABILITY.

Thus, strategic partnerships, investments in technology for supply chain traceability, and a diverse supplier base are crucial for risk mitigation and crisis response. By coming together and providing innovative and scientific solutions, stakeholders can ensure a successful and environmentally conscious future for the industry.

PLENARY SESSION 04

APPAREL SUPPLY CHAIN FOR USD 100 BILLION INDUSTRY BY 2030

Shahidullah Azim

Vice President,
BGMEA

A.H.M. Ahsan

Vice Chairman & CEO, Export
Promotion Bureau (EPB)

Abdur Rahim Khan

Additional Secretary,
Ministry of Commerce

Dr. Bernd Spanier

Deputy Head of Mission,
European Union

Ziaur Rahman

Country Manager Production
(Bangladesh, Pakistan and Africa),
H&M

Gihan Palihena

Director,
Asia Product Supply South Asia,
Kontoor Brands Inc.

Mohammad Sams E Tabriz

Managing Director,
DB Schenker Bangladesh

KEY TAKEAWAYS FROM THE SESSION

The apparel industry in Bangladesh has an incredible opportunity to achieve the remarkable milestone of a 100 billion-dollar export by 2030. To make this ambitious goal a reality, the first step is to carefully analyze the opportunities and challenges at hand and develop a clear strategy. While it raises questions about the readiness of our supply chain management and logistics to handle such a massive export volume, the plenary session emphasized the significance of strategic advancements.

THE TRANSITION FROM AN LDC TO A MIDDLE-INCOME NATION WILL HAVE A SIGNIFICANT IMPACT ON OUR APPAREL EXPORTS.

To ensure growth and competitiveness in the global market, proactive measures such as diversifying products and buyers, embracing technology-driven initiatives, and enhancing product processes for innovation and sustainability are essential.

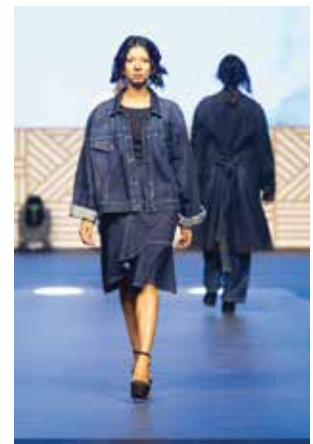

GRAND DISPLAY OF DENIM SPECTACULARITY DENIM INNOVATION NIGHT

The spectacular "Denim Innovation Night by Pacific Jeans" gracefully unfolded alongside the prestigious Bangladesh Denim Expo. This extraordinary event showcased the remarkable creativity and exquisite craftsmanship that thrives within Bangladesh's dynamic denim industry. Setting a new benchmark for international standards in innovation, sustainability, ethics, and fashion-forward denim collections, this exclusive affair left an indelible mark on the fashion landscape.

With its unprecedented focus on denim, the event was a true celebration of artistry,

ingenuity, and the boundless potential of Bangladesh's denim industry. From the stunning designs to the unrivaled denim creations, the atmosphere buzzed with excitement and wonder, leaving guests in awe throughout the unforgettable evening.

The "Denim Innovation Night by Pacific Jeans" now stands as a testament to the incredible achievements of Bangladesh's denim community. This remarkable showcase has redefined the possibilities of the humble fabric, elevating it to an emblem of innovation, sustainability, and artistic expression.

ECHOES OF SUCCESS

GOVERNMENT OFFICIALS

Faiyaz Murshid Kazi

Director General,
Economic Affairs Wing,
Ministry of Foreign Affairs

Denim Expo is doing fantastic work to promote the Bangladesh apparel industry worldwide. The amazing gathering that we witnessed today is a real sign that we are already recognized as leaders in denim.

Abdur Rahim Khan

Additional Secretary,
Ministry of Commerce

In one word this event is excellent and as far as the organizational aspect of this event goes, what I have seen so far is wonderful.

A.H.M Ahsan

Vice Chairman & CEO,
Export Promotion Bureau, (EPB)

14th edition of this Denim Expo has done a very good job. Especially, if I think about how the event is contributing towards sustainability issues, I highly appreciate the amazing efforts.

ECHOES OF SUCCESS

INDUSTRY LEADERS

Fazlee Shamim Ehsan

2nd Vice-President,
BKMEA

It's huge because I've seen the Denim Expo for the last couple of years and a lot of buyers are coming; new innovations are coming to the expo and buyers and sellers are meeting.

Abdullah Hil Rakib

Director, BGMEA &
Managing Director, Team Group

The expo is an absolute timewise movement because you see Gen Z actually address that denim it's not a really sustainable product. This event could play a key role in addressing these issues with sustainability and innovation.

Amer Salim

Director,
Knit Asia Ltd.

This is absolutely fascinating because it's been in its 9th year and I have been following it since the beginning, and I can always see the growth and progress and the way it has reached customers all over the world and also different government and NGO associations. It makes me feel proud because it's happening in Bangladesh and it's a Bangladeshi movement.

Azizur Rahim Chowdhury

Managing Director,
J.M. Fabrics Ltd.

As manufacturers, we don't market ourselves very well as a nation. So, events like this help us tell the story and broadcast what we are doing to the rest of the world. So, this event is highly appreciated by our industry members because it gives us the chance to tell the story to the rest of the world.

ECHOES OF SUCCESS

EMBASSY & INT. REPRESENTATIVE

Mr. Charles Whiteley

Ambassador and Head of Delegation,
European Union Delegation to the
Government of the People's Republic of Bangladesh

I think this is a very good opportunity to showcase Bangladesh's industry. Denim Expo is highly regarded around the world, and of course, garments are the largest export to the European Union. So, we are interested to see how the garment industry and the denim industry in particular can be further developed in terms of European markets.

Anders B. Karlsen

Deputy Head of Mission,
Embassy of Denmark in Bangladesh

This is my first visit to the Denim Expo. I've been very impressed and I am sure there is a lot of potential to showcase what Bangladesh can do in this area in the world where the major market sign Yeah! It's been a very positive experience.

Bernd Spanier

Deputy Head of Mission,
European Union

I think that events like this are absolutely vital to spreading the word in the world that Bangladesh and the apparel industry have made great strides for the past decade and have moved to a new level with this event.

ECHOES OF SUCCESS

INT. ORGANIZATIONS & INSTITUTIONS

Werner Lange

Coordinator- Textile Cluster,
GIZ Bangladesh

My strong belief is that Bangladesh needs such events like this Denim Expo, but also that the people behind it have a lot of passion, engagement, and commitment, and I see this event as the place to move things forward.

Michael Klode

Project Manager,
GIZ Bangladesh

For the German Development Corporation, the Bangladesh Denim Expo gives us the chance to address sustainability topics in an industry that is key for Bangladesh and that can contribute to improvements in all other sectors of this beautiful country.

Mohammad Abdul Momen

Professor & Director,
Institute of Business Administration,
University of Dhaka

Actually, it goes without saying that this is an exhibition that showcases Bangladesh's abilities and strengths in the industry and how it has transformed over the years. This is a 2-day event where buyers or enthusiasts of the industry can come together and get a glimpse of all the things that have happened over the years.

ECHOES OF SUCCESS

BUYERS

Ziaur Rahman

Country Manager, Production
(Bangladesh, Pakistan & Africa), H&M

The Bangladesh Denim Expo has evolved from being a local show to an international event that generates its own unique energy and global appeal. It is a remarkable initiative that has had a significant impact on the industry.

Gihan Palihena

Director, Asia Product Supply South Asia,
Kontoor Brands Inc.

I think Bangladesh's apparel industry is growing really fast and evolving, and I think events like the Denim Expo are really helping to build awareness of what is happening in the industry. It's also connecting people and sharing very innovative options and opportunities.

Radek Sorcik

Senior Director,
Purchase, Quality Management & CSR,
Takko Fashion

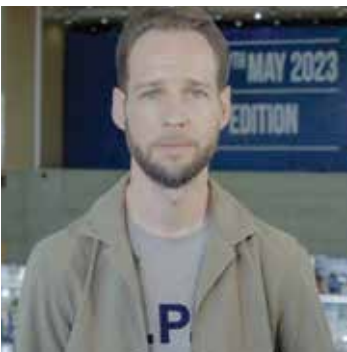

I think that events like the Bangladesh Denim Expo are very important to gain attention and attract people to Bangladesh. The world needs to see what this country is capable of.

Daniel Jakes

Denim Designer,
Next UK

It's my first time on this show. I've been coming to Bangladesh for maybe 8 to 10 years now, and I want to say that it's great to see everyone I know catch up and hopefully make a lot of these innovations as well.

ECHOES OF SUCCESS

EXHIBITORS

Denis Chiarello

Area Manager,
Tonello

Today is just the first day, just the beginning, but as always at Denim Expo, we can meet a lot of good customers, a lot of buyers, and a lot of nice people. So, my expectations are very high for this exhibition.

Herve Denoyelle

VP-Sales & Marketing,
Marmara Hemp

I think Bangladesh Denim Expo is a golden opportunity to have everybody under one roof and have quick communications within the two days of the expo. Because all the key players are here. So, it's a very helpful decision.

Mr. MD. Majaharul Islam Sumon

Country Manager,
Dystar

Bangladesh Denim Expo has been supporting us a lot. The denim industry of Bangladesh has been highlighted by the Denim Expo, and we are also presenting our product here through this Expo.

ECHOES OF SUCCESS

EXHIBITORS

Mr. T Sivakumar

Managing Director,
MSC Mediterranean Shipping Company

Denim Expo has been promoting Bangladesh's apparel industry to the world, and we wanted to be part of the same promotion activities to take Bangladesh to the entire world of consumers, especially the global buyers.

Mr. Luqman Bin Arif

Head of Marketing,
Naveena Denim Limited

Actually, if you are talking about the exhibition concept, all the brands, customers, vendors, and buying houses are coming over here. So, we have all the customers together under one roof. A lot of customers have been coming since this morning, and we are expecting more from here.

Mr. Mohammed Sams E Tarviz

Managing Director,
DB Schenker, Bangladesh

In fact, you know that this is the 14th edition of the Denim Expo, and it has reached a certain level of branding that has earned it a global reputation as well.

ECHOES OF SUCCESS

EXHIBITORS

Dr. Karthik ND

Regional Managing Director,
Eurofins Modern Testing Services

The brands here are brilliant. They are actually committed to working together and collaborating as a team, so our expectation would be to work closely with all the brands as well as the manufacturers and the entire supply chain.

Mr. Marc Garcia

Sales Director,
Asutex

As an exhibitor, Denim Expo is offering us a great chance to get together. So, for us, it's a great chance to increase our network and meet all our friends, not only the buyers and the brands but also our colleagues here. To know where the market is going, put everything together.

Mr. Michael Vaux Morrell

President/Senior Partner,
Freedom Denim

We are here to experience the show, which brings together innovative technologies and presents the denim industry that is growing the fastest with the most innovations and bringing them to customers globally.

ECHOES OF SUCCESS

EXHIBITORS

Mr. Hasibul Huda

Deputy General Manager,
Pioneer Denim Limited

As a Bangladesh denim mill, this is our responsibility as well as a necessity to be a part of the only denim expo. We do not get a lot of opportunities to promote our products. Denim Expo is the only platform where we get to promote our product, show our innovations, and share our future plans with potential customers.

Mr. Mohammad Anis-Ur Rahman

Country Manager,
Asutex

Denim Expo is definitely helping a lot, as from many countries, the suppliers are coming, the buyers are coming, and the industrialists are presenting their products. They have their stall, so that means it is promoting Bangladesh, presenting Bangladesh, Bangladeshi skills, and the industry.

Bangladesh Denim Expo concludes in Dhaka, announces next edition in May, 2023

Denim trade show the Bangladesh Denim Expo has concluded its thirteenth edition in Dhaka. The trade show organizers announced that the fourteenth edition will take place from May 16 to 17, 2023.

"The Bangladesh Denim Expo has already ended," the trade show organisers announced on Facebook. "We've done it all and showed you a grand event showcasing the entire value chain, creating a platform for connecting with people who love, appreciate, and care for denim. But this is not the end of it. Come join us again at the next expo on the 16th and 17th of May, 2023. We will be eagerly waiting to welcome you again next year. See you soon!"

The trade show featured businesses from around the world spanning textiles, machinery, and technology, with a focus on sustainability. The event saw participation from businesses including Novantic, Air Flex Fabric, Tonello, and Jeanologia among others.

THE PERCEPTION OF BANGLADESH'S APPAREL INDUSTRY WILL CHANGE AS A RESULT OF THE 14TH BANGLADESH DENIM EXPO.

May 23, 2021 | Event Update

The 14th edition's theme is "Innovator," and Bangladesh Denim Expo will focus on sustainability, safety, and promoting cutting-edge products.

On May 16 and 17, the International Convention City, Bashundhara (ICC) in Dhaka will once more host the 14th Bangladesh Denim Expo.

The 14th edition of Bangladesh Denim Expo, with the theme "Innovator," will focus on sustainability, safety, promoting innovative goods, and altering public opinion of the nation's garment industry, according to a press release.

The event is expected to draw more than 90 exhibitors, including both domestic and foreign exhibitors.

The event will be positioned as a true depiction of Bangladesh's denim sector, establishing it as the world's largest denim expo. This edition will feature exhibitors showcasing fabrics, apparel, threads, machines, finishing equipment, and accessories, to the USA and the EU.

The expo will promote active contact between exhibitors and visitors through a number of product displays, seminar sessions, and panel discussions. This year's expo will feature four lecture sessions and four panel discussions in keeping with its "Innovator" theme.

Musazzab Khan, the founder and CEO of the Bangladesh Denim Expo, stated: "The underlying concept of the Bangladesh Denim Expo is to fulfil the needs of the international denim community, offering the opportunity to make new contacts with potential buyers, discussing new products, and to gain a comprehensive overview of the latest developments available from the Bangladesh denim industry."

Upcoming Bangladesh Denim Expo to focus on sustainability and innovation

By Apparel Resources News Desk | 21 May 2021 | 2 min read

The 14th Bangladesh Denim Expo is scheduled to take place on 16th and 17th May at the International Convention City, Bashundhara (ICC) in Dhaka, with a significant presence of more than 90 local and international exhibitors. The theme for this edition is "Innovator," and the event aims to focus on sustainability, safety, and promoting innovative products while transforming the perception of Bangladesh's apparel industry. A recent press release confirmed these highlights of the upcoming Expo.

The show aims to represent the Bangladesh Denim industry, the world's largest exporter of denim to Europe and the USA. A "Denim Innovation Night", sponsored by Pacific Jeans Limited, will be held on 16th May at Bangladesh Denim Expo.

Expo will provide ample opportunities for exhibitors and visitors to engage in productive discussions and knowledge-sharing through a range of product displays, seminars, and panel discussions. The expo will also host four seminar sessions and four panel discussions, aimed at facilitating conversations around innovation and sustainability in the industry.

Prospects for denim sector bright, say fabric makers

Two-day denim expo begins

Local and global fabric makers and technology providers see a bright future of the Bangladesh denim sector as it provides quality products at reasonable prices with on-time delivery.

Although the apparel business is now facing a gloomy situation due to high inflation in the European Union countries and the United States, hopefully the business in Bangladesh would rebound within a few months thanks to growing confidence of global buyers, they said.

Global fashion brands are increasing their purchasing from Bangladesh and most of the denim fabric makers in the country are adopting new technologies to gain more global orders, Taseer Hossain, project manager of Jeannotia, a technology supplying company, said.

Jeannotia, a Spain-based company, is taking part in the two-day Bangladesh Denim Expo which started at the International Convention City Basmundhara in Dhaka on Tuesday.

Taseer said that almost all the denim manufacturers in Bangladesh adopted new technologies to reduce consumption of water in producing jeans as per the requirements of buyers.

He said that business was now going slow due to global economic instabilities, but his company was doing business in Bangladesh for the past 25 years with satisfactory growth.

14th Bangladesh Denim Expo on May 16-17

Business Desk:

The 14th edition of Bangladesh Denim Expo will once again open its doors in the International Convention City, Basmundhara (ICC) in Dhaka on May 16 and 17.

'Innovation' is the theme of the 14th edition, while Bangladesh Denim Expo will address sustainability, safety, showcasing innovative products, and changing the perception of the country's apparel industry, it said in a press release.

Over 90 exhibitors are set to attend the event, consisting of both local and international participants.

In this edition exhibitors will display fabrics, garments, threads, machinery, finishing equipment and accessories, positioning the show as a true representation of Bangladesh's denim industry — the largest denim exporter to the EU and USA.

Through a series of product displays, seminar sessions and panel discussions, the expo will encourage robust interaction among exhibitors and visitors.

Four seminar sessions and four panel discussions will be held in this edition of the expo entitled 'Innovation' theme. Founder and CEO of Bangladesh Denim Expo Mostafa Uddin said, "The underlying concept of the Bangladesh Denim Expo is to fulfill the needs of the international denim community, offering the opportunity to make new contacts with potential buyers, discovering new products and to gain a comprehensive overview of the latest developments available from the Bangladesh denim industry."

Bangladesh Denim Expo also announced that the second Denim Innovation Night, presented by Pacific Jeans Limited, will be held on May 16, where it will showcase the very latest in sustainably produced, innovative denim products from one of Bangladesh's leading premium denim manufacturers.

The exhibition, inclusive of an event will play host to international buyers from established high street chains and middle-tier brands, hosts of local sourcing offices for key target consumers, international designers and product developers and international and national media.

Pacific Jeans showcases denim sector talent at Innovation Night

Pacific Jeans held the second Denim Innovation Night against the backdrop of the 14th Bangladesh Denim Expo to showcase the innovation in the country's denim industry.

Photo: Bangladesh Denim Expo

The show displayed the latest in sustainably produced and innovative denim products from Pacific Jeans to apparel brands and retailers, embassy representatives, development partners and industry representatives.

Close to 500 invited guests saw the research, design and production innovation provided by the Pacific Jeans first-hand. Bangladesh Denim Expo says the event aimed to highlight the breadth and depth of denim innovation available across the country - from fibre, through to fabrics, design, manufacture and finishing.

Pacific Jeans, a longstanding denim manufacturer headquartered in Bangladesh, exports to over 50 countries. With a continuous focus on quality improvement and value addition, adoption of updated denim processing technology, and commitment towards safe and sustainable industry, the group is said to have become one of the preferred suppliers to leading global fashion retailers.

The programme was inaugurated by commerce minister Tipu Munshi, MP; while the head of the delegation of the European Union in Bangladesh H.E. Charles Whiteley was the guest of honour; president of Bangladesh Garment Manufacturers and Exporters Association (BGMEA) Faruque Hassan and country representative of the Japan External Trade Organization (JETRO) in Bangladesh Yuji Ando were special guests at the programme.
